

BULLYING MUST BE STOPPED

Bully is a huge problem. When kids are victims of bullying, they don't know how to handle it. The more frightened they become, the more bullies bully. This has to stop! It starts with you! Say "No" to bullying. Don't ever over look it or think, "This will make the victim stronger." It won't! Instead it may drive the victim to do some horrible acts either to others or to themselves. Help all children to feel safe.
